

INTERNATIONAL CONSERVATION

Participant Guide A

While you are watching and listening to the International Conservation LIVE event, use the information below to work like a “reporter.” What you see below are questions that good reporters ask when they prepare and write their article. Because you will hear from multiple experts, be sure to leave space for everyone.

WHO (is involved or affected)	Most important WHO
WHAT (happened/is happening)	Most Important WHAT
WHERE (did it or will it happen)	Most important WHERE
WHEN (did it or will it happen)	Most important WHEN
HOW (is it done or do/did others respond)	Most important HOW
WHY (did this happen, they react this way)	Most important WHY
So What? (Why is this event/information/idea important?)	Most important SO WHAT
