

# INTERNATIONAL CONSERVATION

## Live Attendee Guide

We are so excited that you are joining our International Conservation Live! Below you will find some guides and suggestions for the best participation experience:

### To get started:

- Use the link you were provided. If something is wrong with the link, use the Session ID number.
- Identify one person to man the computer (consider using a student!)
- Be sure you have chosen Speaker View on your screen
- Make sure you are muted. This should be a default, but please check to be sure.

### When the program begins:

- Use the emojis/emoticons to participate!
- Answer the polls as they pop up on your screen.
- Use the chat box to answer any additional questions. We want to hear from you!
- Ask questions! The chat box is the best place to do this. Please limit the chat box to questions and relevant comments.

### Additional Reminders:

- We are live and on-scene at the Zoo. Should the video become jumpy, don't worry - we know! You should still be able to hear!
- The more interaction we have from you, the audience, the more exciting this event will be. Please don't hesitate to post questions. If we do not have a chance to answer yours, we will post it on our Zoo website with an answer after the event.
- After the event, there will be a short a post-event evaluation. We appreciate your time in completing this survey so we can improve our events and processes!

### Mark Your Calendar!

We have more events planned for next school year. Join us:

- October 28, 2020
- November 18, 2020
- February 24, 2021
- April 28, 2021

Head over to [nczoo.org](http://nczoo.org) for more details.

And access our past 2019/2020 events.
